Horizons Day

Mark your calendars for this year's **Horizons Day** convocation, **Wednesday, September 29**. Our speaker is Jai Henderson, the executive director of the new Los Angeles Business Revitalization Center (BRC), an organization working to support businesses in the neglected urban core of Los Angeles. Henderson was named to head the BRC by Governor Pete Wilson. Mayor Riordan has just appointed Henderson to serve as a member of the Los Angeles Building and Safety Commission.

Henderson's topic is "The Art of Industry: The Influence of Women's Leadership on American Business." She holds an MBA from the Wharton School of Finance and Commerce at the University of Pennsylvania, and is a former project manager for Rebuild L.A. Don't miss hearing this dynamic woman speak--she is having a tremendous impact on our city.

An information fair is scheduled to precede the 1:00 p.m. Horizons Day lecture; representatives from a variety of organizations working to make a difference in Los Angeles will be present to share involvement opportunities.

Update on CBS Project

We are happy to report that the CBS videos, *Making Diversity Work in Business and Education* and *Opening Doors: Helping the Underprepared Succeed in the Classroom and the Workplace* are now completed.

Dr. Maya Angelou, long-time friend and supporter of the College, graciously donated her time and talent over the summer to host both programs.

The CBS Foundation funded the production of these educational videos, while KCBS-TV, Los Angeles, donated hours of in-kind services. These videos, along with learning guides and the "Celebrating Cultural Diversity" monographs, will be marketed as a kit to help other colleges, universities, and businesses meet the challenges of a new and changing student/worker population.

A screening may take place some time this fall. Watch the Front Page for a scheduled date.

Avery Scholarships

Ten \$1,000 scholarships are now available to children of Avery International employees attending full-time at any of the ICSC (Independent Colleges of Southern California) schools. Eligible students should contact the financial aid office immediately.

Deadline for application is October 1.

First-Time Loan Borrowers

If you have a Federal Stafford Loan or Federal Supplemental Loan (SLS) as part of your 1993-94 financial aid award, you will need to attend a mandatory Financial Aid Entrance Interview. The Entrance Interview will provide you with valuable consumer information about your rights and responsibilities as a student borrower.

Rhapsody in Blue Deja Vu

Those of you who were on campus during July remember the festive sounds of the Disney Young Musicians Foundation orchestra--the program for which they were rehearsing so indefatigably aired on the Disney channel on Aug. 26. If you missed it, you'll be delighted by the hour-long program and the beautiful footage of the Chalon campus. If you'd like to borrow a tape for viewing, please call *Lucy Lee* in the public relations office at x537.

A New Athenian Season

Two new coaches join MSMC's athletics department for the fall sports season. *Linda Hinckson* will be the new cross-country coach. *Mary Jane Smith* is the new head volleyball coach (*Nickie Jessup* will be returning as assistant coach this season).

The Athenian volleyball team competed at the Christian Heritage Tournament over Labor Day weekend and will compete this weekend at the Whittier Tournament. The cross-country team will be competing in the Home Run 10K on Sept. 12--a benefit for the Children's Foundation.

Please look for the posted season schedule and student athlete rosters in the athletics bulletin case. For more information, please call x514.

Traffic Policy

When coming up the hill to the Chalon campus, take the Norman Place route to the College or Carondelet Center; going down the hill, take Bundy. This requires that you make a right turn as you leave the College.

It is critical to good community relations that we abide by this plan, which we worked out with our Brentwood neighbors. Remember that the residential speed limit is 25 mph.

Thank you for your cooperation!

Remember: the MSMC Front Page includes information of interest to Mount St. Mary's students on both campuses. Submit general-interest items to the public relations office, box 116.

TRAFFIC

With the start of a new academic year, we all need to be reminded of our agreement with the Brentwood community to minimize the impact of increased traffic flow in the neighborhood. When coming up the hill to the Chalon campus, take the Norman Place route to the College or Carondelet; going down the hill, take Bundy. This requires that you make a right turn as you leave the college.

It is critical to good community relations that we abide by this agreed-upon plan. Remember that the residential speed limit is **25 mph**, and

that many area residents are walking their dogs or jogging during the hours we are heading to/from campus. Also please be doubly alert for neighborhood children playing or riding their bicycles in the area.

At the end of the last semester we received some complaints about cars driving at unsafe, excessive speeds. We need to comply with the law, and be sensitive to the concerns of our neighbors.

Thank you for your cooperation. If you have any questions, please contact Lucy Lee, Director of Public Relations at (310) 471-9537.

From the President

Thank you for your patience during the two days of filming on the Chalon campus last week. As you know, the College receives sizeable funds from location filming which go directly to support the operations of the College and help us provide students with scholarships. Arrangements for any future filming will be made so as to ensure we never again face such massive parking difficulties. Though we worked very hard to try and accommodate everyone, I know many of you were terribly inconvenienced. We are grateful for your cooperation.

CAMPUS MINISTRY NEWS

Sunday Mass is held every Sunday that classes are in session at 7:30p.m. in Mary Chapel. Whether you are Catholic or not, you are welcome to participate in this campus prayer each week. Invite your family and friends!

Join the Choir... If you like to sing, or play an instrument, and you'd like to praise God, have fun, work hard, and help our community to worship -- then Sunday Mass choir is for you! Choir practices are at 6:15p.m. on Sundays. Questions? Leave a message for Chris Walker in the Campus Ministry Office or call 471-9837.

Help to feed our homeless neighbors. Meet in the Campus Center kitchen at 6:00p.m. Sundays to help prepare meal bags for distribution to homeless people. The food will be blessed at Mass and volunteer distributors will leave immediately following Mass for Santa Monica. If you'd like to help with this project by either preparing the meal bags or distributing them, join us on Sunday.

Adopt a sister. Are you interested in making a new friend and doing service at the same time? Become a Carondelet Center volunteer. You can "adopt a sister" -- one of the retired sisters of St. Joseph who live just down the hill from us in Carondelet Center. You can visit with her and provide her with good companionship by talking, playing games, taking a walk or even writing letters she will dictate to you. There are many possibilities. The hours are flexible and it's just a 5 minute walk away. Interested? Contact Jackie Nguyen in the Campus Ministry Office.

Hunger Walk '93. -- will take place on the afternoon of Sunday, October 24. Start signing

up sponsors now. Forms are available in Campus Ministry and after Mass. All proceeds will benefit the Westside Food Bank and St. Joseph Center. Contact Veronica in Campus Ministry for more details.

FROM HEALTH SERVICES:

MOUNT ST. MARY'S COLLEGE COUNSELING SERVICES

The Counseling Services Center is committed to helping you benefit as much as possible from your experience here at MSMC. This support may include helping you to perform better academically, to cope with your emotions, or to be more effective in your relationships with others. The college environment can be exciting and challenging. It also can be highly stressful since you may face academic pressures as well as pressures from family, friends, and loved ones at the same time. While we work with students who may be experiencing a crisis, our goal is to help you deal with your concerns before they develop into more serious problems.

One of the most frequently asked questions is "If I go to the Counseling Center, does it mean that there is something wrong with me...or that I'm crazy?"

The answer is: No, it does not. For the most part, students who use our services are interested in their personal growth and adjustment to the world around them. Many students face normal developmental concerns and academic pressures while at MSMC, and at times they may feel acute anxiety, anger, sadness, or depression. For these problems, as well as for more serious crises, it is helpful to gain the perspective of a trained and unbiased person. The Counseling Center staff is trained to help you think about alternatives or options to your behavior and ways of dealing with the world.

The Counseling Center has offices both on the Doheny Campus (Bldg. 7) and on the Chalon Campus (Health Services). For an appointment at either of our centers, call (310) 471-9840. Information you give by phone and in person is confidential. Also, look for our upcoming "Self-Care" series in the student newsletter.

From the President

We are all very thankful that the Chalon campus was untouched by the recent fires that ravaged Southern California. The tragic events are a reminder to us that when a crisis strikes, our methods of communication with one another must be very clear.

Our communication plan calls for us to use two numbers in the public relations office on the Chalon campus as "information hotline numbers" with regard to any crisis affecting either Doheny or Chalon. Please make note of the numbers, and share them with family and friends: **310/471-9537 and 310/471-9529.**

Recorded updates, or the public relations staff answering these phones, will provide up-to-the-minute information on the status and safety of our campuses, students, and staff, as well as any circumstances requiring cancellation of classes.

If you are interested in seeing a copy of the College's Crisis Communication Plan, please call Lucy Lee at **x537**.

Thank you.

Thank You

Thanks to all once again for making Doheny's Haunted Campus a successful event. Very happy "trick or treaters" invaded our safe and creatively decorated surroundings. Your generous donations were much too quickly used and a "second round" of treats saved the evening.

Special thanks to Chalon's RHA's; faculty, staff and students from Doheny, and others. We look forward to next year.

For more information, call ext. 805 or drop by the ISAE Office in H207.

The New View

Circulation: Mount St Mary's College Doheny and Chalon Campuses

Spring 1994

What's the New View ?

It's Mount St. Mary's student-run paper, newly designed last year to include special features, advertisements and much more.

Once again students will have a chance to express their views on student affairs and be informed about campus events.

The paper can and should be an important vehicle for students to use to be seen and heard. Also, it helps create a sense of community and brings students together.

We're looking for a few good people who are excited about campus activities and interested in writing or learning how to "get the news out."

It will be a challenge. But I'm confident the results will be rewarding and I'm looking forward to getting started.

For Your Information

'Tis the Season for Giving: Today is the day--the Red Cross Blood Mobile is on campus beginning at 9:30 a.m. and continuing until 2:45 p.m. The location is Donohue and there are still places on the schedule. If you have signed up, **Be on time!** If you have not signed up, but want to be a donor, **drop by and see if you can fit into the schedule!** Our hope was to sign 50 donors and as of press time we are up to 42. This is great for this time of year and all of us are grateful to you. **Remember:** all during the holiday season there are many needs for blood donations due to accidents, illness and the "down-time" at the donation centers. Therefore every pint we can provide from Doheny today is needed! Be a part of this "giving event!"

'Tis the Season to Shop: With the holidays fast approaching, it is time for our Annual Christmas Fair here at Doheny. The days are Tuesday and Wednesday (December 7 and 8) from 11:00 a.m. until 1:30 p.m. Our hope is to be located in front of Ahmanson Commons for easy access but we will move if weather demands! Be sure to bring your cash--VISA not accepted! (Although some people may take checks--ASK!) We have several booths full of gift ideas and holiday items: cards, calendars, ornaments, white elephant items, handmade items, children's gifts, stocking stuffers. Also, Unique Creations will be here with a variety of earthquake preparedness gifts--just the thing for the person who has everything (and who needs to be ready for emergencies). These items make great gifts for your family, friends, and even yourself, so think seriously about stocking up during our Fair. This is a fun event--but only as fun as we each make it by participating fully. Come and join the fun.

Test Anxiety

Before you know it, final exam time will be here. For some people more than others, this is a time for terror because they have test anxiety. What is test anxiety? It is worry or fear related to having to take tests, and it is caused by pressure, past experience, and fear of failure. Every student who takes a test feels some anxiety, but with actual test anxiety, the feeling is so intense that it negatively affects her performance.

What are some effective ways to deal with test anxiety? The most important thing is to learn to relax. Next, learn to be an effective studier: set the right atmosphere for studying, use outlines and flash cards, and prepare yourself. It is also very helpful to learn good test-taking skills: budget your time for each question on the text, do the easier questions first, and be sure to answer each question. Remember to read each question carefully and think as you read. Finally, don't be afraid to talk to your instructors.

Tennis Anyone?

A required tennis meeting for all those planning on playing intercollegiate tennis next semester will be held on Monday, December 13, on the Chalon tennis courts. Practice and match schedule, uniforms, etc. will be discussed.

Financial Aid News Flash

If you are currently receiving financial aid for the 1993/94 academic year you should receive a "renewal application" at your permanent address from the federal government in order to reapply for financial aid next year, 1994-95. Hint--the "renewal form" looks like a Student Aid Report (SAR), but it is on white paper. If you haven't received a "renewal form" in the mail by January 1, you must reapply using a Free Application for Federal Student Aid (FAFSA).

In addition, all undergraduate students must also complete a Financial Aid Form (FAF). Both forms are currently available in the financial aid offices at Chalon and Doheny. Remember, you may not mail the forms before January 1, or the processor will reject and return them to you. We encourage you to file both forms immediately after the first of the year.

Happy Holidays from the financial aid staff!

SAFE AND SOBER HOLIDAYS

The MSMC Alcohol and Substance Abuse Awareness Program wishes to remind the Mount Community to play it safe this holiday season. Incidences of impaired driving increase during the holidays, so it is important for everyone to keep an eye out for family and friends, and discourage excessive alcohol consumption and impaired driving.

To relieve stress and get in the spirit of the season, try some of the following safe and natural "highs".

- collect pine cones from a nearby hiking trail
- have a snow ball fight on one of the local mountains.
- volunteer at a local shelter for women and children. Share with them some holiday cheer and hope for the future.
- bake holiday cookies.
- trim an evergreen or Christmas tree and use scraps to make a wreath.
- go skiing!

Best wishes for a safe and joyous holiday!

Dear Athenians,
Welcome to 1994! We begin this new semester with gratitude for the very minimal damage suffered by the college during the recent earthquake. Many of you experienced significant disruption in your lives and some of you may have had a great deal of damage to your family home. I hope that you are now on your way to full recovery. Certainly it will be a long time before the city is completely healed. In the meanwhile, all of us will be adjusting to heavy traffic patterns and longer commute times. These are memorable days. As you begin your studies this semester, I hope that you will bring to them a keener sense of what really matters, an appreciation for family and friends, a renewal sense of community and a deeper and more personal faith in God. Have a successful semester!

Jane E. Lingua
Dean for Student Development

CAMPUS MINISTRY NEWS

Earthquake relief -- A number of Mount students, faculty and staff were severely affected by the recent earthquake, and Campus is working with Pi Theta Mu, Student Ambassadors and other college organizations to assist them. Please contribute whatever you can to help members of the Mount family in their recovery. Monetary donations are especially needed. Donations of clothing, non-perishable food, linens and bedding, toiletries and children's items are also welcome. Whatever is not needed by Mount community members will be donated to the Red Cross or the St. Joseph Center. You can bring (or send) your donations to the Campus Ministry Office. If you would like to volunteer to help in earthquake relief efforts, please contact the Campus Ministry office (471-9837, leave a message for Veronica Cardona). Also, please let us know if you know of anyone who is part of our campus who has been seriously affected by the quake.

Liturgical Ministers -- Please fill out the form for this semester's complete schedule and return to Dawn Del Padre at Sunday Mass. If you need further training or know of a friend who might be interested in serving as a liturgical minister, please let Dawn know about that too -- either in person or by adding a note on your form. There will be liturgical Minister's meeting right after Mass on Sunday, February 13. Meet new friends, get together with old friends, and come with ideas about how to do things even better!

Feeding the Homeless -- Due to the damage the earthquake caused in Santa Monica, we are taking a short leave from our program of feeding the homeless on Sunday evenings. We will resume feeding the homeless in March. In the interim, volunteers are encouraged to participate in earthquake relief efforts.

Sponsors (of Catechumens and Candidates) -- There will be a meeting of all sponsors of our catechumens and candidates (this does not include Confirmation Candidates) Sunday, February 13 at 4:00p.m. in Hannon Parlor. Christy Creamer, Sponsor Coordinator, will be in touch with you with details.

Amnesty International Urgent Action Appeal -- This month is for Vicente Gonzalez of Guatemala, and two indigenous girls, aged 14 and 16. On January 1, the two girls were kidnapped and raped by armed military men, including the local head of the military commissioners, not far from their town's central market. There is a long history in Guatemala of human rights abuse and military violence against civilians. Amnesty International is asking that we send airmail letters to Guatemalan officials. Letters may be in either English or Spanish. For information on where to write or about the Mount's work with Amnesty International, contact Jackie Nguyen in the Campus Ministry Office.

MULTICULTURAL FORUM FOR STUDENTS

MULTICULTURAL OUTCOME STATEMENT: 1/31/94

Upon graduation, MSMC students will:

KNOWLEDGE

1. Demonstrate a basic knowledge of cultural processes. Cultural processes include:
 - a. the elements of culture– the shared language, norms, values, heritage and world view (i.e. a group's understanding of its relationship to the natural and supernatural world, to other groups and how its members related to each other and understand the concept of self);
 - b. how the elements of culture change and are affected by each other and other factors (i.e. history, the natural environment, biological and psychological processes, economic and political systems and patterns of equality and inequality).
2. Demonstrate knowledge of issues, concepts, problems, or topics from different cultural perspectives.

Through this knowledge we expect students to:

3. Have a greater understanding of their own culture and of the diversity that is present within and among cultures.

SKILLS & ATTITUDES

Students will use knowledge of cultural processes and critical thinking skills in order to:

1. Be aware of and sensitive to cultural processes;
2. React with intellectual openness and respect when encountering cultural differences;

What is Siena Day?

It's the annual all-College spring convocation, traditionally held on the Doheny campus. The event draws its name from Catherine of Siena, born in 1347 but a woman way ahead of her time. During her brief 33 years, she lived a full life and used her God-given talents in service to her community. Catholics celebrate her feast day on April 29.

"A Teacher's Advice"

Faculty members are happy to write letters of recommendation to help you obtain a scholarship, a job, an internship, or acceptance at a graduate school. But remember that, when you ask for a recommendation, you need to observe a few points of courtesy and thoughtfulness:

1. Give instructors enough time to write your letter. They are glad to help you, but give them ample notice before your mailing deadline.
2. Give instructors your full name.
3. Let instructors know why you need the letter. State whether it is for a scholarship, internship, job, acceptance to graduate school, etc.
4. Remind instructors about your activities and accomplishments. Jot down this information for them, and your letter will be much more interesting--and much descriptive of you.
5. Provide a clean, fresh, addressed, and stamped envelope.

Good Luck!

Thank You!

The student ambassadors appreciate all the support given by the MSMC community at our bake sale last week. We would like to express our thanks to everybody who bought a dessert or made a cash donation. Because of you, we were able to raise over \$100.00 which will be used to help earthquake victims.

Scholarships Available \$ \$ \$

The following scholarships are currently available in the financial aid office:

Rotary Club of Los Angeles--\$2000/yr. beginning in the junior year, renewable for senior year. Two nominees will be selected for submission to the Rotary Club. CAREER ASPIRATIONS

According to a report in the January 24, 1994 issue of *Higher Education & National Affairs*, "more college freshmen then ever are planning to attend graduate school, after they finish college." This information was obtained from the 28th annual survey of entering college freshmen conducted by the UCLA Higher Education Research Institute. Sixty-five percent of today's freshmen plan to complete a

graduate degree. Last year only 55% percent of freshmen surveyed indicated they would pursue a graduate degree and in the early 70's less then 50% were interested in continuing their education. For the first time since the survey has been administered, the results indicated that more women then men are planning to seek advanced degrees.

What is Siena Day?

It's the annual all-College spring convocation, traditionally held on the Doheny campus. The event draws its name from Catherine of Siena, born in 1347 but a woman way ahead of her time. During her brief 33 years, she lived a full life and used her God-given talents in service to her community. Catholics celebrate her feast day on April 29.

"A Teacher's Advice"

Faculty members are happy to write letters of recommendation to help you obtain a scholarship, a job, an internship, or acceptance at a graduate school. But remember that, when you ask for a recommendation, you need to observe a few points of courtesy and thoughtfulness:

1. Give instructors enough time to write your letter. They are glad to help you, but give them ample notice before your mailing deadline.
2. Give instructors your full name.
3. Let instructors know why you need the letter. State whether it is for a scholarship, internship, job, acceptance to graduate school, etc.
4. Remind instructors about your activities and accomplishments. Jot down this information for them, and your letter will be much more interesting--and much descriptive of you.
5. Provide a clean, fresh, addressed, and stamped envelope.

Good Luck!

Thank You!

The student ambassadors appreciate all the support given by the MSMC community at our bake sale last week. We would like to express our thanks to everybody who bought a dessert or made a cash donation. Because of you, we were able to raise over \$100.00 which will be used to help earthquake victims.

WEEK OF FEBRUARY 14, 1994

DATELINE:

FEBRUARY

14 MONDAY

Beginning of Chalon Transfer Process
(see article).

16 WEDNESDAY

DOHENY HAPPENINGS Deadline, 2:00
p.m., Bldg. 10, Mailroom.

17 THURSDAY

Student Forum on Multiculturalism at
MSMC, 11:20 - 12:20, Donohue Center.

FROM THE DEAN'S OFFICE:

I would like to sincerely thank our Doheny and Chalon students, faculty, and staff members who took the time and made the effort to help in the "Doheny Neighbors" Clean-Up on Saturday, February 5. Your willingness to assist in this neighborhood clean up effort is tremendously appreciated--and the day was a great success!

The newly-formed neighborhood alliance of MSMC, local Neighborhood Watch members, the Automobile Club of Southern California, John Tracy Clinic, the Office of Councilman Mark Ridley-Thomas, the Department of Public Works, the Los Angeles Police Department, Lanterman High School, and Norwood School planned this initial event to stress the importance of neighbors working together to improve their environment and strengthen their ties as "good neighbors." What we proved that morning was that working together *works* (and it's *fun!*), and that when we are united in a common goal *anything* can be accomplished.

Congratulations to all who participated. You helped to prove that we *can* make a difference if we try--and if we work together in harmony. And a special thanks to **Maria Lyons**, Director of Student Activities, whose determination and spirit brought these diverse groups together in increasing numbers and who truly "made it happen."

--Sister Kathleen Kelly

A FINANCIAL AID SOURCE

Nestle USA, Inc. is announcing its Minority Scholarship Data Base available for student access. The data base will offer free information on the availability of scholarships for minority students.

Students can access the data base by writing Nestle to request a personal background form. The form is then returned to Nestle for processing. The program will match the personal data with a listing of scholarships for which they are qualified. Only information on awards is provided -- students must contact awarding organizations on their own. Nestle is not involved with the selection process of any scholarships listed in the data base. Please allow six to eight weeks to receive listings of scholarships.

Students interested in obtaining a data base background form should write to Nestle USA, Community Affairs, 800 N. Brand Blvd., Glendale, CA 91203 and include a self-addressed stamped envelope.

JOYFUL NOISE

Come and hear the great sounds of GOLDEN BOUGH on Wednesday, February 16, at 8:00p.m., in the Wigwam. This trio from Northern California shares Irish and original music which guarantees your enjoyment. It is a finger-snappin', toe-tappin', hand-clappin' time for the audience. Come! Admission is free for the Mount Community--just come by or call for your ticket (Bldg. 7, or Ext. 2120). Others can purchase tickets in advance or at the door for only \$6.00. Join in the fun!

FROM STUDENT SERVICES:

Last call to get your I.D. card for the Spring Semester. Come by Bldg. 7 to get yours this week. They really do come in handy for places which offer college student discounts--as well as the fact that the campus uses them for a variety of services. Don't forget!

MULTICULTURAL FORUM FOR STUDENTS

A student forum focusing on multicultural issues will be held on **February 10th (Chalon: Humanities 302)** and on **February 17th (Doheny: Donahue)** from **11:20-12:20**. This forum is sponsored by the Academic Policy Committee and the Multicultural Advisory Council. The multicultural outcome statement (or what we expect MSMC students to gain from the curriculum and student activities) will be presented and explained. Questions and discussion will follow the presentation. Your feedback is crucial for the final development of this statement!

MULTICULTURAL OUTCOME STATEMENT: 1/31/94

Upon graduation, MSMC students will:

KNOWLEDGE

1. Demonstrate a basic knowledge of cultural processes. Cultural processes include:
 - a. the elements of culture– the shared language, norms, values, heritage and world view (i.e. a group's understanding of its relationship to the natural and supernatural world, to other groups and how its members related to each other and understand the concept of self);
 - b. how the elements of culture change and are affected by each other and other factors (i.e. history, the natural environment, biological and psychological processes, economic and political systems and patterns of equality and inequality).
2. Demonstrate knowledge of issues, concepts, problems, or topics from different cultural perspectives.

Through this knowledge we expect students to:

3. Have a greater understanding of their own culture and of the diversity that is present within and among cultures.

SKILLS & ATTITUDES

Students will use knowledge of cultural processes and critical thinking skills in order to:

1. Be aware of and sensitive to cultural processes;
2. React with intellectual openness and respect when encountering cultural differences;
3. Communicate and interact effectively with persons from other cultures.

Leadership News

In May 1994, two hundred of the nation's outstanding college students will gather in Washington, D.C. for the tenth annual "Women as Leaders" seminar.

As part of its commitment to leadership development and women's issues, Sears, Roebuck, and Co. and The Washington Center are exclusive sponsors of this seminar. The housing and tuition fees for each participant will be paid by Sears.

The MSMC's Leadership Center encouraged all students who met the eligibility requirements to apply to this worthwhile program.

The deadline for this seminar was February 15, 1994. Five applications were sent to Washington to begin the selection process.

We wish all MSMC applicants the best of luck!

Leadership Through PLEN

Apply to PLEN (Public Leadership Education Network) so you can watch Congress at work and learn about the role of women in the lawmaking process!

The Women and Congress Seminar will be held on March 14-18, 1994, in Washington, D.C. Speakers will include congresswomen, members of committee and caucus staffs, and representatives of interest groups.

Students will study the policy process with women leaders in PLEN. PLEN also offers students opportunities to explore public policy careers through internship programs and mentor sessions.

Don't miss out on this great opportunity to participate in making decisions that affect our lives. The voices of women must be heard so that public policy encompasses our views and perspectives.

Registration deadline to join PLEN is February 28, 1994.

†CAMPUS MINISTRY NEWS†

Ask-It-Night with Father Nat will be held this Sunday, February 27, right after Mass in the Rumpus Room. Continue the conversation with Father Nat about some of your questions concerning faith and Catholicism such as: "Why do we have Reconciliation Services now instead of private confession?" "What if I don't agree with the Pope on birth control?" "What is Lent all about?" "Why does the Church keep getting involved in politics?" "Was Jesus really God, or was he just a great leader like Gandhi?" Why does it matter if I go to Mass, as long as I'm a good person?" "Why is the Church against capital punishment?" "What do I do if I don't know what I believe anymore?"

Confirmation Candidate -- Meet this Sunday, February 27, at 4:00p.m. in Hannon Parlor, or on Wednesday, March 2, at 1:30p.m. in the Campus Ministry Office.

Catechumens, Candidates and Sponsors -- Meet this Sunday, February 27 at 5:00p.m. in the Casa.

We will resume **Feeding the Homeless** on Sunday, March 6. You can help in three ways: (1) by donating (to the Campus Ministry Office) the bread, meat, cheese, fruit, juice, mayonnaise or cookies to be used in making the meals; (2) by coming to the Campus Center kitchen at 6:00p.m. on Sunday, March 6 to help make the meal bags; or (3) by joining the group leaving after Mass on Sunday night (about 9:00p.m. from the Chapel) to distribute the food and spend some time with our homeless neighbors in Santa Monica. For more information, contact Fanny Sin in the Campus Ministry Office.

A Retreat for Liturgical Ministers, Faith-Sharing Group Participants and others actively involved in Campus Ministry programs will be held on Friday evening, March 25, and Saturday, March 26. The retreat is on campus and will be held early on Saturday so there will be plenty of time for you to prepare for Spring Formal! Contact Pauline Fletcher or Angela Friedrich for more information, or leave a message in the Campus Ministry office.

Many Thanks to everyone who has participated in campus efforts to respond to the earthquake. Last week, we were able to send a full truck-load of donated items to the St. Joseph Center, and 12 students gave a full day of time and energy working in a Red Cross warehouse. The need to give assistance to those affected by the earthquake continues. Any donation of time or goods continues to be welcome, but the most urgent need is for cash donations. Any amount will help. Send your donation to the Campus Ministry office, marking it "Earthquake". Unless you specify otherwise, the money you send will be distributed to those members of the Mount Community who suffered substantial loss in the earthquake. Those wishing to donate clothing, canned goods or other items can deposit them in the specially marked boxes located in the Rumpus Room, Campus Ministry and 2nd Floor Humanities Building outside of Student Development. Residents -- boxes are located outside your Resident Assistants' doors.

Lent began on Ash Wednesday, February 16, and continues until sundown of Holy Thursday, March 31. Lent is the season in which we prepare to renew our baptismal promises at Easter, and is a time when the Church asks us to slow down and to take a good look at our lives and our relationship with God, and especially how well we are living out our baptism by being the presence of Christ in the world. The three hallmarks of the observance of Lent are prayer, fasting and almsgiving (sharing with the poor).

PUBLIC RELATIONS

-- CALL FOR PAPERS --

The Department of Business Administration
Announces a Call for Student Submissions to the

1994 Mount St. Mary's College Business Administration Journal

The 1993 Business Administration Journal was a tremendous success and this year's edition should be even better. All students who have written a paper for a Business or Economics course during this school year are eligible to enter a submission. The Business Administration Journal is an excellent way to build recognition for outstanding student papers. All papers submitted will be reviewed by the Business Administration Department and the top papers selected will be bound and distributed. Rules for submission include the following:

- * Papers should be a maximum of 10 pages, typed, double spaced.
- * All papers should be free of spelling and grammatical error.
- * The subject of the paper should relate to a business or economic issue.
- * The appearance of each submission should be professional.

Selection to the Business Administration Journal is at the sole discretion of the Business Administration faculty. Evaluations are made anonymously (names are removed from copies made for review). It is highly recommended that students maintain a copy of their submission on 3.5" floppy disk because the papers selected will be reprinted into the Journal format and a disk copy will reduce typing effort.

Submissions and questions should be directly to Dr. John Geranios.

Deadline for Submission is March 10, 1994

Re: 1994-1995 Tuition

Date: March 21, 1994

The Board of Trustees has concluded its annual review of tuition and fees as part of the College budget. This is always a very difficult process involving sensitivity to student needs as well as responsibility for a balanced budget at the College. The increases being adopted for the coming academic year have been kept to the base minimum needed to ensure the educational quality of your program.

This tuition increase keeps us in the bottom fourth of California's independent colleges with respect to cost while national and regional ratings of educational quality place us at or toward the top! We are, as one national rating put it, a "little known gem," a real bargain for students seeking a liberal arts education of outstanding quality at a moderate price. Even so, we know that careful planning and assistance is necessary for all students who desire to attend our college.

Conscious of this need, and desiring to make it possible for every qualified student to attend regardless of the tuition increase, the College development effort has been directed this year toward building up our endowed scholarships and securing other funds to support increased financial aid. Five sessions have already been given by our financial aid and business office staffs to help students with the financial aid application process and alternatives in financing your college education. If you have any further questions, you may contact the Financial Aid staff on either the Chalon or Doheny campus.

CAMPUS MINISTRY NEWS

This Sunday, March 27 is **Palm Sunday**, the beginning of Holy Week, the 7:30p.m. Sunday Mass will begin in the Circle, near the flagpole, with the procession of palms. During this week, Catholic Christians are asked to spend more time in prayer, and to refrain from activities other than those which are essential. All of Holy Week leads up to the Triduum at the end of the week.

The Sacred Triduum: Holy Thursday, Good Friday, Holy Saturday -- The Triduum begins with sundown on Holy Thursday, March 31 and ends with sundown on Easter Sunday, April 3. These "three days" are the center and core of the year for Christians. These are our high holy days, the most important days of the year, days to save, savor and celebrate. Even though the Mount will not be in session, we hope that, wherever you are, you will join this year in celebrating the Easter Triduum.

Catholic adults are invited to plan ahead from Thursday sundown until the Easter Vigil (Saturday night) is free of social engagements, free even of work, free of entertainment, free of meals except for the simplest nourishment. We are asked that we come hungry and full of excitement for the Easter Vigil. We make Good Friday and Holy Saturday free for prayer, reflection, preparation and silence. The whole Church is getting ready.

On these three days, we gather a number of times with each other. Together we hear some of the Church's most beautiful prayers and scriptures and we make some of our finest music. Make plans to take part in the services of **Holy Thursday night** (the Mass of the Lord's Supper), **Good Friday night** (celebration of the Lord's Passion), and, most important of all, **Holy Saturday night**, the great Easter Vigil. It is at the Easter Vigil, the holiest of all our liturgies, that the Elect are baptized, and all new Catholics are confirmed and brought to the Eucharistic table for the first time.

Wherever you are, check with the local parish to see when these liturgies will be celebrated. If you are going to be at the Mount or on the Westside during the Triduum, call or visit Campus Ministry about where to go for these celebrations. But whether you are a regular churchgoer or an occasional visitor, don't miss these, our most wondrous and important days; they are yours. (Adapted from Gabe Huck, Liturgy '90)

Easter Begins with Easter Sunday on April 3, and continues until Pentecost Sunday on May 22. The Easter season is a time of great festivity and celebrations, when the Church encourages us to party, to enjoy nature, to dress in spring colors and to pay special attention to the renewal of life all around us. The Easter holidays are most important -- far more important even than Christmas, because without the resurrection, Christmas itself would have no meaning. Even though the College will be in session immediately after Easter Sunday, try to find some ways to enjoy and celebrate this festive time -- through some walks, or some good parties, through Spring Sing or a trip to the beach. Happy Easter!

Holocaust Remembrance Week coincides at the Mount with both Holy Week and the Jewish Passover. In World War II, only 50 years ago, two thirds of the Jewish population of Europe were systematically killed by the German Nazis and their collaborators. Six million Jews died

in Nazi death camps or through other massacres. Six million others were also systematically murdered as well: political and religious dissidents, homosexuals, Gypsies, and the physically and mentally impaired. Holocaust Remembrance Week helps us to honor and remember all who suffered and died during that time, and to ask "Why." Events of the week include:

Mount St. Mary's COLLEGE

Office of the President

To: Students of Mount St. Mary's College

From: Sr. Karen Kennelly, President

Re: 1994-1995 Tuition

Date: March 21, 1994

The Board of Trustees has concluded its annual review of tuition and fees as part of the College budget. This is always a very difficult process involving sensitivity to student needs as well as responsibility for a balanced budget at the College. The increases being adopted for the coming academic year have been kept to the base minimum needed to ensure the educational quality of your program.

This tuition increase keeps us in the bottom fourth of California's independent colleges with respect to cost while national and regional ratings of educational quality place us at or toward the top! We are, as one national rating put it, a "little known gem," a real bargain for students seeking a liberal arts education of outstanding quality at a moderate price. Even so, we know that careful planning and assistance is necessary for all students who desire to attend our college.

Conscious of this need, and desiring to make it possible for every qualified student to attend regardless of the tuition increase, the College development effort has been directed this year toward building up our endowed scholarships and securing other funds to support increased financial aid. Five sessions have already been given by our financial aid and business office staffs to help students with the financial aid application process and alternatives in financing your college education. If you have any further questions, you may contact the Financial Aid staff on either the Chalon or Doheny campus.

CLASS OF 1994

GRADUATION SPEAKER STATEMENTS

By Elvia Cabral

Midterms, papers, classes, meetings...so many things to do, and our graduation is just around the corner. One person must be able to represent all of our experiences and hopes in a way that can personify our senior class. The person we choose to represent our class as a speaker must encompass qualities that Mount St. Mary's strives to bestow upon their students. My experience at the Mount is but one unique way the college transforms individuals into leaders prepared to succeed in our society. I am not the one with the highest grades, honors, or number of friends, but one student with a high level of enthusiasm and satisfaction with the Mount St. Mary's experience. I am one whose personality and character has changed dramatically through the education and the leadership roles I have attained.

These changes in me have surfaced not only because of the role models I have encountered here at the Mount, but also through my participation in various activities which have offered opportunities to grow outside the classroom. I have previously been involved in Pi Theta Mu Service Club, Hispanic Student Organization (when it existed), and the admissions campus tour guides and hostesses program. Currently, I am most heavily involved in the Outreach Ambassador Program and the Accounting Association of which I am President. These activities have allowed me to expand my horizons beyond what is typically learned in the classroom. They have given me the opportunity to express my individuality in groups, serve as a role model to others, and to a certain degree, allow others the opportunity to obtain different perspectives on their futures. These have all been experiences which have progressively shaped my personality to that of a true leader.

The process of our education will culminate in a very special ceremony where friends, teachers, advisors, and family members will come together. We will walk proudly across a stage and end this very special journey which will undoubtedly open new doors for our futures. I wish everyone the best.

By Heidi Hurskainen

"Why did you choose Mount Saint Mary's College?" my brother asked me that warm spring day four years ago. That same question was posed to me several times during my freshman year, by many different people. Besides the fact that I received a President's Scholarship, I chose the Mount because of the friendly atmosphere and the high academic standards. (Not to mention how close it is to the beach and UCLA!)

"You've never ran before," my brother said again, at the end of summer, 1990. "How can you join the Cross Country team?" Yet, there I was, training in Mammoth two weeks before the semester began. My first roommate was on the team -- we're still best friends today.

Because of the Mount's small size, I was involved in a variety of activities, from Student Body President and Newspaper staff to Pi Theta Mu member and RHA Floor Representative.

Now, four years later, my brother is asking me, "What are you going to do after graduation?" I know that I have been well prepared for life outside of college. I have learned from faculty who truly care about me and want to see me succeed.

I've made some of the best friends I will ever have -- friends who I hope to never lose. Because of my many experiences at MSMC, I have changed and grown into the woman I am today.

"Aren't you worried, though?" my brother probes. "Shouldn't you have made a decision?" The one decision I have made is that I want to be the student speaker at graduation. My experience hasn't been that different from other seniors, only the names and faces are changed.

By Erica Jager

Why should I be the Senior Speaker at graduation? I have completed no great feat that distinguishes me from anyone else in this class. My schedule does not lend itself freely to the consuming task of writing such a speech. I know a great many people at the Mount, but I could never fully represent each graduate's diverse experiences during the last four years. I cannot tell you why I should be the speaker; however, I will tell you what I have learned over my years here and what I will be walking away with.

I have learned that despite the boundaries of race, sex, sexual preference, religious orientation, socioeconomic backgrounds, and geographical distances, we are women (and men) full of hope, faith, and love. In my four years, I

GRADUATION SPEAKER STATEMENTS

have seen Mount students cross those boundaries to comfort each other in times of racial conflict, natural disaster, and the everyday sorrows of life. I have seen students feed the homeless, challenge the stereotypes of women in "Girls' schools," recycle for a cleaner earth, and stretch to the limits of their physical, mental, and spiritual strengths. I thank God for the opportunity to be a part of this community and for opening my eyes to the truth that our future lies not in what we can become, but indeed in who we are.

By Ellen Katherine Kuhnert

Dear Fellow Seniors:

This is it. Our time has come and it is really hard to believe. I don't want to get nostalgic, but it seems as if Freshman year was just yesterday. Anyway, in just a few short months, we will be going our separate ways, but we will always share a common bond that we have formed here at the Mount. It is interesting to sit and ponder what the future might hold for each and everyone of us, or to wonder where we might be 5, 10, 20 years from now. This is a big change and time for transition for us all. It is even a little scary. I will keep this short, but sweet, as I know how busy we all are in our last few weeks. Reading essays to decide who you want to speak at your graduation is probably the last thing on your mind. However, I would be honored to represent the senior class and speak at graduation. It would be a moment in my life that I would truly cherish always. Besides accomplishing a great deal academically here at the Mount, I have also learned precious things about life and people. To be able to put these thoughts into words and express them to you, would be a joy in itself. I don't want to get too mushy though so I think it would all be mixed in with a little light humor (o.k. those of you who know me well are probably saying "a little light humor"?). Four years at the Mount is the ultimate college experience, from hamburgers on Wednesday's to "is there really civilization off this hill". Anyway, simply being nominated for this honor has meant a great deal to me. I would love the opportunity to be the graduation speaker and I truly look forward to the chance to do so. That's all for now. Thanks for taking the time to read this and Good Luck and CONGRATULATIONS!

By Ann Summers

When I was first told I had been nominated as senior speaker, I responded with a "I'm not smart enough." After thinking about it, I realized that I can represent my class without having a 4.0. I have been on the Dean's list for the last three semesters and take pride in the fact that through much work, I have brought my grades up.

I feel that I have tried to get the most out of my education here at Mount St. Mary's. I make a point of voicing my thoughts about lecture material in class and about the policies of our school. While I am a mathematics major, I am earning a Secondary Credential and feel that my education is well rounded. I have been particularly active in my department. I am the founder and president of the MSMC Mathematics Council. Through my role as president of the Council, I have already made connections with future mathematics majors and alumnae of our department.

I came to the Mount as a Future Scholar with the hopes of becoming a high school mathematics teacher. I can hardly believe that three and a half years have passed but I am reminded of that everyday when I walk into my classroom to teach at Jefferson High School. No, I have not completed my program early but am currently student teaching as part of my teaching program.

As I stand in my classroom, I feel prepared and confident. At the same time, I can't believe I *am* the teacher. Yes, I have taken all of my classes and I seem to be doing a good job. It is just very strange to have my dreams come true. These conflicting feelings about teaching are similar to those I feel about graduation. Yes, I do have "senioritis." I am very excited to graduate and anxious to have my own classroom and my own students and get on with my life. At the same time, I can't believe that four years have almost ended. I am a mathematician and a teacher (doesn't that sound weird?). I know that many of us share the same mixed feelings. I must be ready because I am teaching and my students are learning and while I am totally exhausted, I am confident and ecstatic that I have chosen the right career for me.

I would be greatly honored to speak on behalf of the class of 1994.

FROM CAMPUS MINISTRY:

Eastertime Reflections

For many reasons, Lent seemed long, meaningful and filled with many grace moments for me. Thank you for participating in the Lenten Masses celebrated by Fr. Reyes; thank you for sharing Scripture with Sunnie; thank you for taking a vital part in Lenten prayer services; and heartfelt thanks for being present to the Sacrament candidates at their Acceptance Mass, etc. It was a full and rich time.

As we move into this significant Easter season, I want to celebrate life to the full, be grateful to the Lord who conquered death and gave His life for us, but I still see so many signs of death, poverty, stress, hunger, addictions, and oppression surrounding us. In you, the students, I see a ray of hope. The sacrifices you are making to be educated, your sense of hospitality extended to all on campus, the friendships you struggle to maintain or let go of, your "tough" loyalty to family and solid values are, for me, evidences that Christ is conquering death through you.

At this busy end of the school year time, I appeal to you to give yourself the opportunity of participating in the following events:

- Preparing and serving a meal to the men at St. Vincent's Shelter on Tuesday and/or Thursday, April 12 and 14, from 5:00 p.m. - 8:00 p.m. Anytime you can give will be appreciated. Let Campus Ministry know.
- Helping to service the homeless by making time and meal bags on Saturday, April 16, from 9:00 a.m. - 12:00 noon, with the Missionary Brothers of Charity--Mother Theresa's group. Please contact Campus Ministry if interested.
- Mass in honor of the Sisters of St. Joseph on Thursday, April 21, at 11:15 a.m., followed by a reception.
- Special Prayer Service on Thursday, April 28, for our graduating sophomores and in thanksgiving for a very good school year.

FROM THE ADMISSIONS OFFICE:

Admitted Students' Day is coming! On Sunday, April 17th, freshmen admitted to the A.A. program will visit the Doheny Campus for another opportunity to experience the Mount. We appreciate your help in welcoming our guests. Thank you.

GRADUATION INFORMATION

LAUREL DAY: One of the special ceremonies of the Graduation weekend is Doheny's Laurel Day, celebrated this year on Friday, May 6, at 5:00 p.m. This has been a traditional celebration at our campus, not only for those about to graduate but also for all the students, faculty and staff. All are invited to be part of the festivities when the Class of '94 will receive their academic hoods and when various academic and extracurricular awards are given. Plan to be part of this day and invite your families to join us. A reception in honor of the graduates follows on the South Lawn.

GRADUATES: Please be sure to notify Sister James if you have not received information on your graduation. We want to be sure that you are ready for the special weekend but can only do so if you cooperate. Thanks in advance.

FROM THE FOOD SERVICE AREA:

REMINDER ON I.O.U's: This is just a reminder to those of you who have charged items at Food Service. We will not be able to extend you more credit until current bill is paid. Thanks in advance.

RETURNING OF ITEMS: Please remember that if you borrow items from Food Service--including trays, utensils, dishes, pitchers, etc.--that you return them right away to Ahmanson Commons. We are running short on items because they are not coming back where they belong. Please help with this.

Also, you are reminded that it is the practice at our Food Service that all bus their own dishes and not leave items on tables either in the dining rooms or outside. We just do not have the personnel to clear tables, so it means that things are left in disarray. We do appreciate your help with this--in fact, most of you are great about this, but some are leaving stuff and making it difficult for everyone. Again, thanks.

A Doheny Student's Response To Taking Advantage Of Campus Resources

You might ask yourself what can you gain from the ISAE program or the Career Center? Well, a few weeks ago, I was invited to go to the Hispanic Career Fair in Long Beach. I was the only freshman who attended from both campuses, along with about 25 other MSMC students. I learned much from attending this conference. In preparing for this event, I went to the Career Center for help in writing my resume and also in seeking advice about appropriate dress. Yes, it took a lot of hard work, but it paid off.

By meeting many corporations, I have been called up by Disneyland. About two weeks ago, I attended a workshop for college students sponsored by Disneyland. I was interviewed and in less than a week, I received a call from the Disneyland travel agency. I was recommended for work there. I have been so excited since then. I believe that if one looks for resources that are available here on campus, it will always pay off, just as it has for me.

Self-Care Series: Self-Esteem

Self-esteem can be defined as your self-image, or how you feel about yourself. It is made up of thoughts and feelings you have about yourself and may be positive or negative. Your level of self-esteem is based on the unique experiences and personal relationships that have made up your life. The biggest factors that influence self-esteem are: relationships with yourself, family, friends, and classmates.

Here are some tips to help you raise your self-esteem:

- accept yourself
- offer yourself encouragement
- praise yourself for your achievements
- trust your own thoughts and feelings
- respect yourself
- reward yourself for hard work

The final and most important thing to do is learn to love the unique person you are. Remember, there is no one else in the world just like you. Accept yourself as an evolving human being, a "person-in-progress." Celebrate you!

Test Anxiety

Before you know it, final exam time will be here. For some people more than others, this is a time for terror because they have test anxiety. What is test anxiety? It is worry or fear related to having to take tests, and it is caused by pressure, past experience, and fear of failure. Every student who takes a test feels some anxiety, but with actual test anxiety, the feeling is so intense that it negatively affects their performance.

What are some effective ways to deal with test anxiety? The most important thing is to learn to relax. Next, learn to be an effective studier: set the right atmosphere for studying, make the most of your class notes, develop a schedule for studying, use outlines and flash cards, and prepare yourself. It is also very helpful to learn good test-taking skills: budget your time for each question on the test, do easiest questions first, and be sure to answer each question. Remember to read each question carefully and think as you read. Finally, don't be afraid to talk to your instructors. Good luck on your exams!
